OLDEST VOTER IN COUNTY? She's Mrs. Nellie Rech, 102, shown here assisted by Mrs. Kathleen Hefft, deputy county clerk, in casting her absentee vote. Mrs. Rech has voted in

every presidential election since women were given the right to vote, and wasn't about to miss out in this year's election.

Area Rains Boost Pastures

A steady, soaking rain fell Sunday, which, following good rains last Thursday, gave new hope to farmers and ranchers who have been waiting good rains to perk up winter pastures and small grain crops.

The rain fell in varying amounts over Milam County, with some sections receiving up to four inches and others less. Cameron's official rainfall Thursday was 1.08 while .86 was measured on Sunday.

Bill McCutchen, county agent, said that with the exception of the peanut growers and a few cotton producers about "everyone was pleased with the excellent rainfall this last week." He added that the only thing wrong with it was that "it wasn't a couple of months earlier."

McCutchen said winter pastures will be greatly benefitted, along with small grains. Farm ponds and creeks also filled with the steady rain.

The Texas Highway Department maintenance department in Cameron said extensive flooding of Elm Creek had forced the closing of several farm to market roads. FM 2269,

going to the Maraksville community, was closed from 6:25 p.m. Sunday until about 8:30 a.m. Monday.

FM 487 was also closed for a time by flood waters, and Sunday PM 1915 that goes from Yarellton to Buckholts was closed for five hours.

Heavy rain predicted by weather forecasters for Monday night and Tuesday morning failed to materialize, while the city registered a 75 degree temperature Tuesday morning before a predicted cold front came through.

Weather Notes

| OCT | HI | LO | RAIN |
|-----|----|----|------|
| 25 | 62 | 48 | |
| 26 | 58 | 48 | 1.08 |
| 27 | 66 | 49 | .03 |

| 29 | 71 | 60 | .86 |
| 30 | 88 | 64 | .02 |
| 31 | 83 | 59 | .02 |

Rainfall for October in Cameron totaled 6.51 inches according to official city records.

Voters Defeat Bond Proposal For Schools

Cameron school district's \$1,250,000 bond proposal failed to carry the vote Saturday. A total of 1,056 ballots were cast by taxpayers and non-taxpayers in the election.

Of this total, 1,031 were taxpayers and 25 were non-taxable property owners.

Proposition 1, to allow the school district to levy ad valorem taxes to finance the bonds, failed by a 589-429 vote, and Proposition 2, allowing the school to sell the bonds was defeated in a 583-432 vote.

Non-tax paying voters defeated Proposition 1 by a 14-11 vote, and Proposition 2 by a 15-9 vote.

The bonds were sought to undertake an extensive program of building and remodeling, along with air conditioning the schools. New classrooms, a new gym and fieldhouse, and remodeling of present buildings was planned.

The plans were two years in the making by school trustees and architect-planners.

County Pecan Show Set For November 18

With prospects for a pretty good pecan crop in Milam County this year, date for the county Pecan Show has been set for November 18 in Rockdale.

Bill McCutchen, county agent, advises growers to select a quart of nuts from a favorite tree and save them for the show.

Exhibitors may enter as many varieties as they wish but they are limited to one entry per variety.

Entries should be in plastic bags with the name of the grower and the variety attached.

Pecan entries may be left at the Rockdale Chamber of Commerce office or the County Extension office in Cameron prior to 5 p.m. Thursday, November 16.

A Pecan Foods Show will also be held in conjunction with the pecan show, and entries will consist of any kind of foods using pecans in the recipe. More information on this show is available from the County Extension Office in Cameron.

Day Care Center Sets Open House

An open house will be held from 2 until 5 on Sunday, November 5 at the Cameron Day Care Center. Everyone is invited to visit and tour the new facility which cares for children of working mothers.

Sunday has been declared Day Care Center Day by proclamation of Mayor Gene Blake.

ABE Workshop Set

An 11-county Adult Basic Education workshop will be held here Saturday at the Ben Milam School lunchroom starting at 8:30 a.m. The workshop is sponsored by County Schools Supt. Max McClaren's office.

Wayne Kirk, Milam County Co-op ABE director, has formulated plans for the workshop with approximately 75 to 80 area ABE teachers, instructors, and directors.

This program is held in conjunction with the State Education Agency and the Extension Department of The University of Texas.

There will be four main aspects of the workshop:

Reading skills, directed by Mrs. Alma Doss of Rockdale; skills in mathematics presented by Wards-

worth Soders of Marlin High School; English as a second language, presented by Mrs. Faith Johnson, supervisor of the Temple ABE program; and Dr. Hortense Dixon, professor at Texas Southern University at Houston will present a format on Human Relationships.

This will be the first in a series of workshops sponsored by the Milam County ABE Co-op for the 1972-73 year, McClaren said.

Claude Mathis, area ABE consultant of Austin, will be workshop director.

The 11-county area includes Milam, Bell, Lee, Burleson, McLennan, Robertson, Coryell, Lampasas, Freestone, Limestone, and Falls counties.

Scouts Ready For Good Turn Day

Over 200 Boy Scouts and Cub Scouts from the local Tejas District -- including Cameron, Rockdale, Franklin, Thorndale, Rosebud, Calvert, Bremond, Gause and Buckholts -- are participating in the 1972 Good Turn Day project this week.

According to local Scout officials, the youngsters and adult leaders distributed bags to residential areas this week and will return to pick them up Sunday after 1 p.m., for Goodwill Industries in Temple and Waco. The Scouts are collecting reusable clothing, shoes (tied together) and small repairable appliances.

H. D. Maxwell, chairman of the annual event, said that five bags of such items will provide one day's work for a handicapped person at Goodwill Industries.

Larger items such as furniture and large electrical appliances can be picked up by calling Goodwill.

Householders may use a grocery sack if a regular Good Turn bag is not placed at the door or if you wish to fill more than one bag.

Scouters will return the filled bags to the First Methodist Church in Cameron, the First Christian Church in Rockdale, the First Methodist Church in Rosebud and to sites

Buckholts Mail Changes Told For Route 1, 2

Changes in rural mail delivery in Buckholts have been announced by Edwin Zajicek, Buckholts Postmaster.

Due to a consolidation of Buckholts rural route 1 between route 3, Rockdale and route 2, Buckholts, the patrons on what used to be route 1, Buckholts, will receive their mail approximately an hour and a half later than usual beginning November 11.

Buckholts rural route 1 carrier Rufus Graves will be transferred to Rockdale where he will take over Rockdale route 3 and approximately the first 25 miles of his old Buckholts route.

Buckholts route 2 carrier F. W. Stark will take over the remainder of route 1.

There will be no address changes for any of the route 1 patrons, Zajicek said. Although served by a carrier based in Rockdale, their address will remain route 1, Buckholts.

Also, due to a cutback in clerk hours from six to four hours, the Buckholts post office will be open only four hours on Saturdays, from 6 until 10 a.m., effective November 11.

still underdetermined in other communities.

Maxwell said the Tejas District goal is to distribute 7,000 bags this week and pick up 2,500 filled bags Sunday.

"This is an excellent opportunity for both the Scouts and local residents to come to the aid of the less fortunate and handicapped," Maxwell said. "We urge everyone to seriously consider helping the Scouts turn in a large number of filled bags."

Disaster Benefits May Be Due Local Farmers

Texas farmers and ranchers who have suffered crop, livestock or property losses from a natural disaster since June 30, 1971, may be eligible for benefits from Public Law 92-385, J. Lynn Futch, State Director of Farmers Home Administration - Texas, announced today.

Provisions of this law, signed by President Nixon on August 16, 1972 are now fully operative, Futch said. Benefits are divided into two time frames:

1. Farmers and ranchers who received loans from Farmers Home Administration as a result of losses due to a natural disaster that occurred between June 30 and December 31, 1971, may be eligible for a cancellation of up to \$5,000 of the principal of the loan. Interest on the remaining loan would be three percent.

2. Those who received loans as a

result of losses from natural disaster that occurred after December 31, 1971, are also eligible for a cancellation of up to \$5,000. Interest on the outstanding balance would be charged at one percent.

Futch emphasized that it is not necessary for those who are entitled to benefits to contact the local FHA office. These are blanket provisions applicable to all who have received loans, and each will be contacted and told of the action he should take.

Futch also advises that any farmer or rancher who receives an emergency loan from Farmers Home Administration between now and June 31, 1973, may have up to the first \$5,000 of the loan cancelled, with the balance at a one percent interest rate. The amount of cancellation is limited to the loss or damage not compensated by insurance or otherwise.

TOPS IN TAXES paid to the Milam County tax office comes from Alcoa at Rockdale. Here Douglas Laws, right, Alcoa accounting manager, hands tax assessor-collector Valter White Alcoa's check for \$167,257.86, representing state and county taxes for the aluminum producing company.

Hanoi, Polls and Voters....

Henry Kissinger is on his way to a final signing, or preamble to final signing, of a peace proposal with Hanoi and Saigon.

It will be signed officially by Secretary of State Rogers in Paris, probably before the November 7 election.

It is not likely this settlement has been orchestrated by Washington, as McGovern supporters might suggest, because no one has any control over what Hanoi will do or when they will do it. Both Presidents Johnson and Nixon know this.

It has become important to North Vietnam to settle. The enormous losses the Viet Cong have suffered in this endless war are telling. The political squeeze from both Moscow and Peking since the Nixon visits is being felt and bringing Hanoi responses.

South Viet President Thieu has balked but little on the substance of the Kissinger-Nixon proposals for cease fire. Thieu fails to relish a coalition government proposal which would dilute,

if not melt away his power.

No one is quite sure of the effect on the November 7 election in this country. But for Senator McGovern, who has said he doesn't care who "it" (such a settlement) helps, in the election it does remove the peace candidacy basis for his primary nominations within the Democratic Party. He has already backed away from welfare proposals to credit \$1,000 to each American.

Costs in this country have been high. . . in political disenchantment and division of public will over what is best in foreign policy and what is best for urban and economic restructuring.

But Mr. Kissinger has all but closed the door on war in Vietnam. It should be out of Vietnam, but in the rest of the world for this country, hardly an isolationist view of post-Vietnam.

Mr. Nixon's foreign policy is having a telling effect on domestic politics. The polls and even Hanoi seem to agree on this. We hear from the voters next Tuesday.

Back To Drawing Board....

By no decisive majority, the school bond proposal Saturday for \$1.25 million in updating and improvements failed.

Was it enough? Or was it too much? Voters did not agree. A composite rural-incorporated school district by its nature has this problem.

But the realities of CISD plant needs are still here. An approximate 55-45 percent disagreement on what should be done is not far from finding a solution.

The CISD board has all kind of alternatives and a limit in the minds of some school patrons and a \$2.6 million on indebtedness on what can be done about it.

The vote Saturday got everyone's attention. But like the public meeting that

Tuesday night which drew only 40 people, our priorities are not clear, particularly to students in the CISD system. That Tuesday night, there were also a junior high home football game and a world series game on TV.

If the Cameron area had been voting on bond issues all these recent years, this outcome would be no surprise. To practiced nay-sayers, it may be some kind of victory.

Development of the Cameron community continues, things which will contribute greater annual tax support to school, county and city. These are occurring because of seeing things as they might be and acting upon what is.

The bond proposal had a good turnout, more than 1,050. It was almost a standoff. It is time to go back to the drawing board.

Rising Welfare Costs To Demand \$60.9 Million

By Bill Boykin

Rising welfare costs will demand another \$60.9 million increase in the state budget during the next two years, the State Board of Public Welfare concluded last week.

The board also approved a budget request asking an additional \$71.1 million in federal matching funds for the 1974-75 biennium.

State Welfare Commissioner Raymond Vowell blamed the increase on congressional regulations and a two percent cut in the federal government's share of welfare program costs for Texas.

Welfare Board member Louis Sarazan of Corpus Christi also pointed to increases in medical care for welfare beneficiaries.

Even with the increase recommended, benefits would be cut at least temporarily next fall. State funds for welfare totalled \$212.5 million in 1972 and \$267.8 million in 1973.

The Texas constitution limits money actually paid to welfare recipients (not including medical assistance, operating costs, special services, food stamps, counseling, child care and job training) to \$80 million a year.

Voters last year rejected a proposal to remove state aid to the aged, blind and disabled from the ceiling.

If President Nixon signs the revised welfare reform bill, only aid to families with dependent children would be left under the state ceiling by Jan. 1, 1974. The federal government would assume the cost of aid to the aged, blind and disabled, although the states would administer programs until July 1, 1975.

The federal act, if signed, would also phase back into the Medicaid program 19,000 old folks who lost their eligibility when social security benefits were raised October 1.

UNITARY PRIMARY

Secretary of State Bob Bullock recommended unitary primary elections to replace the old system of separate primaries for Democrats and Republicans.

At the same time, the state chief election officer advised a Senate election law study committee that unless the legislature enacts new legislation next year there will be no laws on the books for financing 1974 primaries.

Bullock estimated the state could save at least \$800,000 under the \$2.8 million spent on dual primaries this year if it used the same polling places and officials for both major parties. The Secretary recommended state and local officials, rather than county political party chairmen, be designated to hold primaries. He

also urged re-evaluating the whole Texas Election Code's provisions on political advertising and campaign expense financing reporting. He said the election code should be recodified.

RATE STUDY ASKED

The House sponsor of competitive home and auto insurance rates in the recent special session announced he will ask the House speaker to direct a committee to make a rate study.

Rep. Don Cavness of Austin said he hopes his bill, which died in conference committee last month, will be revived by the 63rd Legislature next year.

Cavness said he does not

think lawmakers received an accurate analysis of competitive rates from the State Board of Insurance. He said he hopes to obtain more nearly accurate facts on auto insurance costs. He said he also wants some meaningful comparisons on premiums for homeowners' rates which "on routine examination appear extremely high."

ODOMETER ABUSES HIT

Fifteen hundred car dealers and leasing companies in Texas signed voluntary agreements not to "roll back" odometers (mileage indicators) on used cars in Texas, Atty. Gen. Crawford Martin said.

OLD PHILOSOPHER

Dear editor:

I was sifting through a batch of campaign literature that turned up in my mail box, each piece of which claimed the country is headed for ruin if its candidate is not elected, makes no difference what he's running for, and among all this I found a non-partisan leaflet which reported that there are some 500,000 elective offices to be filled on Nov. 7.

After figuring up what it cost those 500,000 people to run, using detailed cost analyses on radio and television time, newspaper ads, barnstorming, air travel, telephones, printing, postage, bugging shelled out in unaccounted for cash, the leaflet estimated it cost 400 million dollars to fill those 500,000 offices.

Now a lot of people are saying the cost is too high, but they're forgetting that of all the people running, only half will get elected. Some argue that's money well-spent.

The thing to do is to set aside one night a week during say the last two months of the campaign when all television and radio stations, on penalty of forfeiting their licenses, are required to turn all their air time over to the candidates free of charge, allotting time on a democratically worked-out schedule, 5 minutes to Justice of the Peace, 8 minutes to County Judges, 10 minutes to State Representatives, 15 minutes to Governors, 20 minutes to Congressmen, 25 minutes to Senators, an hour to Presidential candidates, or some such arrangement. Do this every Tuesday night, say, from 6 o'clock to midnight. Show nothing else on television, cancel all the programs that one night a week and turn the candidates loose.

I don't know whether this would result in a more informed electorate of not, but

it sure would cause Tuesday night business to pick up at the movie houses.

Come to think of it, you could put a special Tuesday night tax on movies, use the money to reimburse the radio and television stations for the free time, and everything comes out even.

Yours faithfully,
J.A.

Letters

Dear Mr. Luecke:

If I understand your column "NOW" of the week beginning October 22, 1972, you are saying that tradition has slowed or hindered, wisdom and inspiration, which makes the Bible understandable.

Jesus told the scribes and Pharisees they transgressed the commandments of God by tradition when they were quibbling about the ceremony of washing hands, which thing we are guilty of when any religious ceremony takes preeminence over the truth of the scriptures.

We are asked to ask, seek and knock for truth as it is in Christ and all scripture is divinely revealed by His Holy Spirit to those who ask, seek and knock. But there is much persecution attached to one finding truth, because most people choose tradition, precepts of men, and carnal commandments rather than truth.

No matter how many times the Bible is translated there will be contradiction because no scripture is of any private interpretation, neither can it be carnally understood, but to those who ask, seek and knock truth is revealed to them by the power of Christ, who found the truth, the way and the life, through contradiction of sinners, rejection of men and reproach.

Don Pemberton
(Mrs. W. C.)

Why You Should Re-Elect President Richard Nixon Nov. 7 LET'S LOOK At AGRICULTURE And STOCK RAISING

WE HAVE one of the most abundant supplies of food in history. Our exports of livestock, fresh meats, grain sorghums and grain are going to add many dollars to the general economy.

WE'RE SELLING COMMODITIES of which we've had surpluses—and we're helping provide jobs on trucks and ships at the same time.

HERE ARE SOME OF THE REASONS

PRESIDENT NIXON'S AGRICULTURAL ACT OF 1970 gave producers more flexibility and freedom in operations.

PRESIDENT NIXON'S ADMINISTRATION has turned around the farm situation that saw farmers get an increase in income of 6 per cent between 1951 and 1969 while wage rates went up 6 per cent every year.

PRESIDENT NIXON gave agriculture one of the most effective spokesmen in recent history by appointment of Earl Butz as Secretary of Agriculture.

FOR YOUR OWN GOOD

RE-ELECT THE PRESIDENT

AND REMEMBER

The Only Way to Have Your Say

IS TO

Get Out and Vote Nov. 7

Graze Winter Pastures Wisely For Best Results

Winter annual pastures can boost livestock profits if they're used wisely.

"To get the most use from such pastures consider both the animal's standpoint and the pasture's standpoint," suggests Dr. Neal Pratt, agronomist with the Texas Agricultural Extension Service.

"From the livestock viewpoint, graze winter pastures with animals with high market values—stocker calves, producing dairy cows and beef cows with young calves. Grazing pastures with dry cows usually means less returns than grazing with animals which can market the pasture sooner."

Stretching high quality winter pastures and minimizing wastage is important, regardless of the kind of grazing animals, contends the Texas A&M University specialist.

"Limit grazing to the time the animals are actually feeding. Winter pastures are usually high in moisture, and livestock generally prefer to lie down and rest on dry areas. Make shade, dry ground and hay available in an area adjoining the winter pasture. Don't lock livestock onto the winter pasture area."

It's also wise to allow animals to graze only a small portion of the pasture at one time, points out Pratt. Electric fences work well to manage grazing.

The specialists advise that dry cows should graze winter pastures only one day out of every four or five. By doing this, the pasture serves to supplement the protein, vitamin, mineral and other nutrient requirements while these cows are grazing lower quality permanent pastures.

"County Extension agents in each county can cite results of winter pasture demonstrations and can recommend additional ways to improve profits from winter pastures," adds Pratt.

DURABLE CYPRESS

Midway Church at Midway, Ga. has cypress window shutters which have served since 1792, and in its churchyard is an unprotected cypress grave marker on which the date, "1790" is still readable after 169 years.

STATE TREE

The pecan was officially designated as the State Tree of Texas in 1919.

FARM and CITY

LANDFILL SITE—Dalton Caffey, Milam County Commissioner, and Franz Pittman, Soil conservationist with the SCS in Cameron, discuss the location of a land fill site near the Salty Community. This land fill will not only provide a place for local people to dispose of trash but will help reclaim a gulley that has severely eroded for a number of years.

4-H Activities

By Rodney Kruse

It's happening with Milam 4-H Clubs. During its regular monthly meeting the Minerva 4-H Club announced winners for their donation contest and new officers.

Five businesses in Rockdale gave gifts for prizes. The Rockdale State Bank donated a \$25 savings bond won by Ernie L. Lawrence, Merle Norman Studio donated a Rockdale Tiger bag won by Mrs. R. C. Cone, the Lemon Tree gave a \$8 gift certificate won by Mrs. W. H. Fatherree, Mehaffey's gave a \$5 gift certificate won by Mrs. G. C. York and the Rockdale Reporter gave a pen and pencil caddy won by Mrs. Berry of Rockdale.

Three new officers for Minerva 4-H Club are vice

president Eddy Gerren, council delegate Peggy Sommers and reporter Kenneth Gerren.

Do you have a 4-H beef project or plan to have one in the future? If your answer is yes, mark November 11 on your calendar. On November 11 at 9 a.m. beef cattle adult leaders from Travis Williamson and Milam Counties will meet at the LaRue Cattle Service Headquarters. The meeting place is located about eight miles west of Georgetown on highway 29.

Mr. Douglas, well known beef cattle custom fitter will discuss all phases of selection, training and fitting of beef animals. Don't miss the opportunity for first rate training.

COUNTY AGENT'S NOTES

Rains Benefit Pastures, Ponds

By Bill McCutche,
Milam County
Extension Agent

You can never get a consensus from all farmers and ranchers about whether a rain is needed at the moment or not and its a good thing that a vote isn't necessary on weather conditions.

With the exception of peanut growers and a few cotton producers however, I think about every one was pleased with the excellent rainfall this last week. About the only thing wrong with it was that it wasn't a couple of months earlier.

Small grain pastures will be greatly benefitted. Some are yet to be sown, some have been re-sown, and others were up to a good stand and the rains will really bring them along. A few weeks of warm growing weather is really needed for small grain growth and for permanent pastures to recover.

Farm ponds were a beneficiary of the heavy rains also. Livestock water was getting short in many areas.

PECAN CROP

The 1972 Milam County Pecan crop looked like one of the best right up to the last, but the hickory shuck worm cut the crop drastically in many areas and also hurt the quality.

Experts View Feedlot Waste Management

Dr. John Sweeten with the Texas Agricultural Extension Service recently represented Texas on a six-state Extension Advisory Committee on feedlot waste management which met at Wichita, Kansas.

Sweeten, an agricultural engineer in animal waste management at Texas A&M University, noted the results of a recent aerial survey covering 85 feedlots in Texas, New Mexico, Oklahoma and Kansas which showed that 94 percent had runoff control facilities which met state regulations.

"Feedlots are making rapid progress in handling runoff and solid waste materials so as to control pollution and protect the environment," pointed out Sweeten.

The agricultural engineer said that several new informational fact sheets on pollution control and waste management will be available soon to feedlot managers, pollution control authorities and local and state officials.

Like every other crop, you can't count your money until it's in your pocket.

The sad thing about this is, that it could have been avoided very easily. We knew when to expect the shuckworm and how to control him. An effort was made to get producers to spray in late August to protect the crop, but it went largely unheeded.

It's a rough lesson, when you almost have the crop in the bag and loose a lot of it, but if we will learn from it, it won't be a total loss.

Pecans have a lot of potential as a cash crop in Milam County and they can be made to produce good crops annually. If they are to be good cash crops, they must be treated as a crop by the producer and not left to chance.

PECAN SHOW

The 1972 Milam County Pecan Show will be held November 18th in Rockdale. As you harvest, select a quart of nuts from your favorite trees and save them for the show.

Exhibitors may enter as many varieties as they wish but one limited to one entry per variety.

Entries should be in plastic bags with the name of the grower and variety attached.

Pecan entries may be left at the Rockdale Chamber of Commerce Office of the County Extension Office in Cameron prior to 5 p.m. Thursday November 16th.

State Sees Outbreak Of Fever Ticks

Nineteen outbreaks of cattle fever ticks have occurred in Texas and one in California since the first outbreak was discovered at Alice on Aug. 22 the U. S. Department of Agriculture (USDA) reports.

Officials of USDA's Animal and Plant Health Inspection Service (APHIS) said 119 premises are under either state or federal quarantine. To date, an estimated 13,600 cattle and 2,000 horses have been treated on about 1,200 premises.

Jim Wells county has experienced the most outbreaks with 11; other counties affected are Duval, Dimmit, Houston, Kent, Nueces, and Kleberg. The California outbreak occurred in Imperial county. APHIS officials said that seasonal conditions are an important factor in the eradication program. Large numbers of feeder cattle have not yet begun to be shipped to other parts of the country.

Statewide Crop Harvest Ahead of Last Year... Cattle Sales Up Five Percent... Broilers Increase, Turkeys Decrease, Egg Production Declines... Fire Ant Program Progresses...

Texas farmers are ahead of harvest of the 1972 crops compared to 1971, the Texas Crop and Livestock Reporting Service notes.

Cotton harvest is a third complete now; last year at this time, harvest was less than a fourth completed. Harvest will be underway in the High Plains as soon as weather conditions permit.

Corn harvest throughout the state is virtually completed. Less than five percent of the crop has yet to be gathered.

Grain sorghum harvest is two-thirds finished. Both dryland and irrigated grain sorghum yields are reported as excellent in the High Plains region. Soybean harvest is a third complete. Harvest of the second cutting of rice is making good progress, while peanut harvest is three-fourths finished.

Wheat planting for the state is more than 85 percent completed. Irrigated wheat is making good progress.

Pecan harvest is gaining momentum and should be at its peak by the end of the week.

MODERATE to heavy rains are increasing range and pasture prospects. Fair to good grazing is available in most areas on native pastures. Livestock condition for the state is rated good to excellent.

SALES of cattle, calves and sheep increased throughout the state during September, while sales of goats and hogs were down. Cattle and calves marketed through Texas auctions numbered 705,000; this is five percent above a year ago.

Sheep sales were two percent above a year ago. Hogs sold totaled 45,000 which is 32 percent below a year ago.

EGG production in Texas totaled 199,000,000 during September, down six percent from a year ago and seven percent below last month.

The 11.1 million layers averaged 59.6 eggs daily per 100 hens. This was below the national average of 61.2 eggs daily per 100 hens.

Hatch of egg-type chickens was up two percent from a year ago; the total turkey poult hatch was down 30 percent from a year ago.

A NEW record number of people visited the Food and Fiber Pavilion during the recent State Fair of Texas. Almost 1,500,000 persons went through the Pavilion. Plans are already underway for the 1973 version of the Food and Fiber Pavilion. The pavilion is operated by the Texas Department of Agriculture marketing division.

COOLER weather has slowed to some extent the screwworm infestations throughout the northern part of the state, but a freeze deep into South Texas will be needed to halt the worst reoccurrence of the pest in more than a decade.

More than 85,000 cases of screwworms have been reported to the screwworm fly factory at Mission this year. Officials with the program are continuing to urge producers to submit samples to the fly lab for verification.

SPRAYING of Mirex-treated bait over Fort Bend County to control imported fire ants is about half completed, delayed somewhat by bad weather. The program was begun earlier in October under sponsorship of the county, state, and federal governments but fog and rain have delayed the four twin-engine planes flying out of Hobby airport from making the runs over Fort Bend County.

New Irrigation Methods Studied

Trickle irrigation and subirrigation are not now profitable for Texas farmers but with recent developments they bear careful watching in the future, according to Dr. Ronald Laceywell of the Texas Agricultural Experiment Station.

Both systems presently are expensive to buy. But recent technological developments, such as subirrigation orifices that do not clog, and better materials, have extended the life span of the equipment and lowered the annual cost.

Water savings are another asset of the two systems that lower the cost. Each system depends upon rows of pipes with holes in them laid in furrows or under the ground. Because water is delivered directly to the plant as in trickle irrigation or

directly to the root system as in subirrigation, less water is needed.

"With an irrigation water shortage the trickle system could irrigate more acres with fixed amount of water and as a result may be profitable for the farmer," Laceywell said.

Trickle irrigation has chances of becoming economically feasible sooner than subirrigation, he said. Since it is a surface system, cultivation required for row crop production is not considered feasible, limiting its activities to groves.

EDIBLE SEEDS

The large seeds of several American pines such as aspen, digger, Coulter and longleaf can be eaten raw or roasted.

Huebners Feted On Golden Anniversary

Mr. and Mrs. Herbert Huebner were honored October 21 by their daughters and sons-in-law, Mr. and Mrs. E. W. Ciborowski and Mr. and Mrs. Guy Lyons of Houston, with a buffet and tea dance on their fiftieth wedding anniversary. Over 100 guests were served at St. Simon-George Hall of St. Monica's Catholic Church where the couple were married in 1922.

A Mass was offered for Mr. and Mrs. Huebner on October 25, the day of their anniversary.

Wedding bells and roses decorated the three-tiered anniversary cake baked by Mrs. Adrian Richter of Hearne, niece of the couple. A group wedding picture and a floral arrangement of golden chrysanthemums and brass candleabra decorated the linen and lace covered anniversary table. Gold baskets of yellow chrysanthemums and candles were used at vantage points throughout the reception room.

Guests enjoyed listening and dancing to the Blue Vest Polka Band of Caldwell.

Those serving in the houseparty were granddaughters, Mrs. Crayton Ciborowski of New Orleans, Mrs. John Schulze of Houston and Misses Monica and Deldre Lyons of Austin.

Out-of-town relatives included Mrs. H. W. Kincher,

Mr. Harold W. Kincher, Jr., Mr. and Mrs. W. C. Huebner, Mrs. G. M. McQuillan and Mr. and Mrs. John Schulze, all of Houston; Mr. and Mrs. George Schneider and Miss Martha Moraw of Temple; Mr. and Mrs. Adrian Richter of Hearne; Mr. and Mrs. Damen Dorris of Waco; Mr. and Mrs. Joe R. Walzel of Texas City; Mr. and Mrs. L. W. Turner of Ponca City, Oklahoma; Mr. and Mrs. Crayton Ciborowski of New Orleans and Misses Monica and Deldre Lyons of Austin.

Scholarship For Ms. Abel

Susan E. Abel of Route 1, Buckholts, was awarded a \$150 Beta Alpha Psi scholarship at a recent dinner of the University of Texas chapter of the national honorary accounting fraternity.

A total of \$46,350 in scholarships and fellowships were awarded to 70 outstanding accounting students this fall. Funds were provided by contributions from accounting and industrial firms, educational foundations and the UT Accounting Department.

Community Service Friday

"Coming of Age" is the theme for World Community Day services to be held at 2 p.m. Friday, Nov. 3, at the First Presbyterian Church in Cameron. Rev. John Homerstad, pastor of Abiding Savior Lutheran Church, will be guest speaker.

World Community Day is sponsored locally by Church Women United of Cameron.

"Women of all churches are invited to join the united celebration which will feature songs, reminders of God's eternal promises in this season of meaningless political ones, and the sharing of dreams between old and young," Mrs. W. C. Freeman announced.

35 YEAR REUNION for the Yoe High Class of 1937 was held last weekend with class members traveling from Florida, Kansas, Oklahoma and Texas. A coffee for class members and friends was held Saturday afternoon at the Cameron Community Center and a dinner-dance Saturday night at the Cameron Country Club. Attending from the 123 member class were: (front row left to right) Audrey Mitchum Schroeder, Milady Gelnor Kovar, Pauline Tindall Kneddy, Alberta Conner Hardinge, Virginia Compton Evans, Verna McLane Hentz, Leola

Floyd Thweatt, Bertha Marek Faichtinger, Dorothy Matula Reed, Rosemary Yates Fageler; (second row) Bob H. Nabours, Herbert Massengale, Eleanor Kostroun Tomek, Eleanor Rogers Thweatt, Catherine Monroe Thomas, Pauline Laake Scott, Vida Graham Gerick, Helen Polansky Blankenship, Florine Meyer Johnston, Zora Wilkerson Rice, Kitty Mayes Barry; (third row) Clifton Aycock, Luther Poole, Floyd Hatch Huffman, Gerald Mode, Bill Radtke, Alvin Sustek, Taylor Moore, Frank Richter, Neill Rylander, James Stewart.

Engagement Announced

Mr. and Mrs. Robert Eugene Goode of Laurel, Maryland announce the engagement of their daughter, Melinda Ann, to Mr. Albert L. Cecchini, son of Col. and Mrs. Louis A. Cecchini of Laurel. Miss Goode is the granddaughter of Mrs. Emmagene Goode Bland of Gause.

Miss Goode is a 1972 graduate of Laurel High School. Her fiancé, a 1971 graduate of Snowden Prep School, is stationed in Florida with the United States Air Force.

A December wedding is planned.

CORRECTION

The Ceramics class at the Resource Center of the Rosebud Primary School will begin Thursday, Nov. 9 instead of Nov. 2.

Home Landscape Shortcourse

A three series shortcourse on home landscaping will be held November 6, 20 and 27 in Milam County. The shortcourse is designed to answer the question -- Where do I go from here? -- according to Miss Christine Laws, county extension agent.

"Everyone realizes the importance of a good home landscape," Miss Laws said, "but few people have the time or money to put in an extensive program."

The shortcourse will meet November 6 and 27 at the First National Bank Civic Room in Cameron and November 20 at the Rockdale High School Agricultural Building.

The programs on November 6 will be presented by Al Novosad, Texas A&M Lawn Specialist, on lawns and lawn care. He will discuss various types of lawns and answer questions concerning lawn care.

The program on November 20 will be by Dr. Charlie Welch specialist from A&M Extension Service. The subject will be soil fertility and fertilization practices regarding home lawns, flower beds and shrubs.

The third program on November 27 will be by Dr.

By Mrs. Edwin Gandy

Mrs. W. E. Beckhusen went to Austin on Friday to pick up their son, Jeff, for the weekend.

Others visiting in the Beckhusen home during the weekend were Mr. and Mrs. Jimmy Prater and Tommy of Taylor.

L. A. Svetlik Jr. from Ft. Worth was home over the weekend with his parents, the L. A. Svetliks Sr.

Mrs. Evelyn Loftin and Mrs. Margie Schrank and children went to Houston on Sunday to visit Mrs. Myrtle Hill, who is a patient in a Houston hospital.

Mrs. Edd Eshelman of Houston spent the week with her mother, Mrs. Fritz Glaser, last week. Other visitors were Mrs. Ludy Natches of Fort Worth spent Saturday night with them and Johnny Glaser of Temple spent Sunday visiting his mother, Mrs. Fritz Glaser.

Everett Janne of the Extension Service. His program will cover basic home landscaping principles and good planting suggestions for this area.

This program, sponsored by the Milam County Extension Service and the Family Living Committee of Milam County, is open to anyone in Milam County.

City History Highlighted In Program

The Pleasure and Profit Club met in the home of Mrs. Bartow Jackson. After refreshments of cheese crackers, olives, pickles, pecan pie and coffee the hostess reviewed highlights of the centennial edition of the Cameron Herald.

Mrs. Jackson chose the history of the First Baptist Church and the Milam County courthouse as her main topics. She also presented a short history of Mr. and Mrs. C. H. Yoe and Miss Ada Henderson.

Mrs. Paul Young, club president, welcomed Mrs. Sara Pittman as a new member.

Personal Mention

Mr. and Mrs. Richard Sklar and daughter Shirlee and Mrs. Edward Sklar of Wharton visited Sunday in the home of Mr. and Mrs. Jeff Webster.

Mrs. George Miller is a patient at Scott and White Hospital after suffering a broken ankle in an accident at her home Friday.

Crusade Opens At San Gabriel

Christ in you, the hope of glory!" will be the theme for an eight day evangelistic crusade at the San Gabriel Baptist Church November 5-12.

Preaching will be Evangelist Don E. Jones of Kerrville, Texas. Rev. Jones is a graduate of Eastern New Mexico University. Prior to his entry into full-time evangelism in 1969, he pastored churches in New Mexico, Colorado and South Dakota. He also has served in various places of denominational leadership, including membership on the Executive Board of the Colorado Baptist Convention, moderator of three different associations, and President of the Northern Plains Baptist Convention. For the past three years he has been associated with the Christian Evangelistic Foundation of

Kerrville.

Music for the crusade will be under the direction of Rev. Henry Talbott of San Antonio. Rev. Talbott has filled numerous places of pastoral and denominational leadership and is presently engaged in evangelistic music. He is a well known radio personality in the San Antonio area, having broadcasted for a number of years over station KDRY.

Services for the crusade will be at 9:30 a.m. and 7:30 p.m. A nursery will be provided for each service.

Bob Wimberly, pastor of the San Gabriel Baptist Church, states that one of the purposes of the crusade will be to strengthen the spiritual foundation of the home. Everyone is cordially invited.

Voters Can Switch In Election

New Texas voters are being reminded that they can vote the Nixon-Agnew ticket November 7, no matter in which party primary they voted.

"State law for more than 50 years has held that a person may vote as he pleases in the general election," William P. Clements, Jr. of Dallas said in a note to Party workers.

Clements, who is Co-Chairman of the Texas Committee for Re-election of the President, said case law back to 1920 and an attorney general's opinion of 1940 holds there is no legal obligation to support candidates nominated in the primary.

And he cited a 1952 opinion which specifically held the primary imposes no obligation in the presidential campaign because those candidates are not nominated on the primary ballot.

The latter opinion was handed down by Price Daniel, who then was attorney general, later became U.S. Senator and Governor and now is an associate justice of the Supreme Court.

Gray Named TMA Pres.

L. W. (Bill) Gray has been named President of the Texas Manufacturers Association (TMA), succeeding Ed C. Burris who has been named Honorary President. The announcement was made here today (Wednesday, October 25) by TMA's Board of Directors at its fourth quarterly meeting and becomes effective November 1.

Gray, a native of Caldwell, served as Assistant Attorney General of Texas from 1955 to 1957 prior to joining TMA. He also served as County Attorney for Burleson County (Texas) from 1951 to 1954 and practiced law in Caldwell for seven years. He is a graduate of the University of Texas at Austin where he received both his Bachelor of Laws (LL.B.) and Bachelor of Business Administration (B.B.A.) degrees.

He has been executive vice president of TMA since April, 1970, joined the association in 1957 as Legal Counsel and Director of Insurance and Research. He was named Vice President in October, 1967, and he is widely known for his expertise in unemployment compensation and workmen's compensation.

Buckholts Lions Meet

The Buckholts Lions Club heard William H. Raschke of Austin, district governor of 253 of Lions International, at their meeting October 26.

Eleven members attended the meeting.

Raschke spoke on the Mexico International Convention and also commented on the fact that October was membership month for Lions.

The Buckholts Lions will meet at 7 p.m. on the second and fifth Thursdays in November, at Swanky Franky's in Buckholts.

VACUUM

Steve doesn't mind. Only a little. He knows Dad has to travel. And some days Mom must work the swing shift.

Steve doesn't mind. Not very much. It's just that food doesn't make a dinner. It's like a vacuum when you're alone. And the evening—what's to do?

Such vacuums can affect adversely the developing personality of a child. They can also test a child's sense of security and self-reliance.

We claim no expertise in child psychology. Our concern, however, is that there be no Sunday morning vacuum. A Steve whose character is being molded by spiritual and moral training, a Steve whose home has the atmosphere of religious conviction and integrity... such a Steve is better equipped to meet the tests of loneliness and freedom.

In many families we cannot alter circumstances — but we can foster quality of character to cope with it. The Church is ready to help!

Calkins To Head Texans For Grover

Bernard E. Calkins, former Houston transit executive, has been named chairman of the Texans for Grover Committee which has been formed to attract disenchanted Democrat and Independent voters to support Sen. Henry C. "Hank" Grover in the Texas Governor's race.

Calkins says "Many Democrat voters are beginning to feel that the election of Dolph Briscoe will just bring on a continuation of the corrupt policies that have been going on in Austin for the past few years. They feel that only the election of a Governor who will not be obligated to carry on these past policies will finish the job of cleaning out the State house in Austin. They know that 'Hank' Grover has the experience and would have the best chance to get the job done."

Calkins says that anyone may join the "Texans for Grover" Committee, whose headquarters are at 505 Houston Bar Building in Houston, in three different ways. A \$10 contribution will entitle the donor to a "full" membership; a \$5 contribution will be entitled to be an "Associate" member and one who cannot contribute but wishes to work will be a "Working" member. A membership card will be mailed to each applicant.

Contributions and applications for membership should be sent to "Texans for Grover" Committee, Post Office Box 52163, Houston, Texas, 77052. Calkins says these efforts are being conducted completely outside the Republican Party or Senator Grover's own campaign efforts.

14 Amendments Face November 7 Voters

AMENDMENT NO. 1

Amending Art. III, Sec. 24, of the Texas Constitution to provide annual salaries of \$8400 for members of the Senate and House of Representatives. This proposal increases the annual salary of members of the Texas Legislature from \$4800 to \$8400. No changes are made in the mileage or per diem allowances.

Proponents of the amendment argue that \$4800 is insufficient to compensate a legislator for the time he must spend in the protracted regular and numerous sessions that our complex state government now calls for. They further argue that as \$4800 is scarcely adequate to meet present day cost of living, legislators are forced to engage in outside employment which could create a conflict of interest and impair their independence and effectiveness of action as lawmakers.

Opponents claim that it is a part time job, that it should not be compensated on an annual basis and our resources have sufficient drain on them now without adding an additional cost in legislative salaries.

AMENDMENT NO. 2

Amending Art. IX, Sec. 6 of the Texas Constitution to abolish Lamar County Hospital District. This proposal is local in nature and abolishes the Lamar County Hospital District and authorizes the Commissioner's Court of that county to provide for the transfer or disposition of assets of the district.

AMENDMENT NO. 3

Amending Art. XVI, Sec. 61 of the Texas Constitution to require the Commissioner's Courts in all counties of the state to compensate all justices of the peace on a salary basis beginning Jan. 1, 1973. This proposal would require all justices of the peace in counties of 20,000 population or more to be compensated on a salary basis and this proposal would put all justices of the peace on the same footing.

Proponents of the amendment argue that justices of the peace should be taken off fee basis and put on some equitable salary system related to all other officers of their same classification in the state.

Opponents of the amendment argue that doing away with a fee basis will discourage diligent justices of the peace and will make them dependent upon the commissioner's court which provides their salary.

AMENDMENT NO. 4

Granting authority to the Legislature to establish a constitutional revision commission which would report its recommendations no later than Nov. 1, 1973 and providing that members of the 63rd Legislature would then be convened in January, 1974, in a constitutional convention to serve 60 days for the purpose of drafting a new constitution for submission to the voters of Texas.

Proponents of the amendment argue that there is a real need for a more workable basic law which would require less periodic revision and since the Legislature has always been entrusted with the function of proposing constitutional changes, the Legislative body is the logical choice for responsibility in the preparation of a new or revised constitution.

Opponents of the amendment argue that constitutional reform should not be through a new document but through revision of the existing document and the convention called for has a totally new constitution as a possible alternative. Opponents further argue that revision is not a legislative job and should stem directly from the people by delegates to a constitutional convention elected by the people and responsible to them.

AMENDMENT NO. 5

Amending Art. VIII, Sec. 2 relating to a tax exemption on certain property owned by disabled veterans to provide that exemptions which would range from

\$1500 to \$3000 to be made on a graduated scale based on the percentage of veterans disability.

Proponents of the amendment say that person disabled in military service should be compensated for their sacrifice, that the tax exemptions proposed are a token and subject to strict limitations and the loss in revenues would be negligible, that the amendment is permissive and the necessary details of administration could be spelled out by the Legislature which could also revoke the exemptions should the need arise.

Opponents of the amendment say that compensation of disabled veterans is a federal matter and that there are already adequate and generous programs available to disabled veterans and as school districts and local governments should not be deprived of any tax sources.

AMENDMENT NO. 6

Amending Art. VIII, Sec. 1b of the Texas Constitution to provide that various political subdivision of the state may exempt not less than \$300 of the value of resident's homestead of all persons 65 years of age or older from ad valorem taxes under certain conditions.

Proponents of the amendment argue that the ad valorem tax is the basic form of taxation supporting lo-

Maysfield News

By Mrs. J. P. Wise

Mrs. Hallie Massengale of Austin is at home for the weekend.

Mr. and Mrs. Frank Tyson and Family of Houston are visiting his mother, Mrs. Belle Tyson this week end.

Mrs. Leota Thweatt and Stevie spent this week end with her sons. Mr. & Mrs. Larry Thweatt and Mr. and Mrs. Herbert Thweatt of Austin.

Mrs. C. J. Ellis of Tyler spent several days visiting friends and relatives here this week.

Mrs. Ronnie Clinard of Silsbee spent this week in the Chester Clinard home.

Mrs. Ellis and Miss Sue Butts visited in Maysfield on Thursday.

Mr. & Mrs. Mike Patterson and children of San Antonio are visiting in the home of her parents, Mr. & Mrs.

Voter Fraud Still Occur

Texas voters will flock to the polls on Tuesday (Nov. 7) -- but in a lot of cases their vote won't count.

That's the opinion of Alan Rash, El Paso attorney, who believes that fraud will cancel out the sincere intentions of a lot of concerned citizens.

Rash is head of the Voter Rights Committee for Texas. He cited one frequently used tactic:

"A lot of people are told they must vote a certain way based on their votes in the past," Rash said. "This is not true. No matter how a person voted in the primary, he may vote for any candidate in a particular race. Saying anything otherwise is totally false."

5 HOMES IN NEED OF PAINTING

FIVE HOME-OWNERS

IN YOUR AREA

will be given the opportunity to have their homes restyled and beautified with Vynasol, the Miracle Finish. A new product from Alside, a wholly owned subsidiary of United States Steel Corporation. This Quality product will be of particular interest to homeowners who are fed up with the high cost of constant repainting and maintenance. As advertised in Good Housekeeping, it is guaranteed to keep your house beautiful, maintenance-free for 30 years. No longer need you be concerned with paint cracking, peeling, blistering or chipping. Vynasol is a finish that is virtually indestructible. Won't stain, cleans easily. It is unaffected by industrial smog.

This miracle finish can be applied to any type of home, new or old, with amazing re-styling and beautifying possibilities. Homeowners who act now will be offered an attractive proposition for helping us introduce this miracle finish of Vynasol in this area. Also includes complete insulation of your home.

Member Chamber of Commerce and National Association of Remodelers.

Roach Is UT's 'Big Rock'

AUSTIN
If, as somebody once said, an offensive line can be "seven blocks of granite," then Travis Roach is a big rock, and the Texas Longhorn line is once again a bunch of rolling stones.
Roach, the 6-3, 250-pound guard from Marlin, returned to the starting line-up after missing the first several games with injury, and the juggled line helped gouge out 394 rushing yards in the 35-15 win over Arkansas.
Roach's return was a touch-and-go matter for a while this fall, for it looked at times as if the redshirt senior, who elected to give

up a national championship year in 1970 to learn to play offense, would never play again for Texas.
An early hamstring muscle pull was nagging, but just as fall training resumed, Roach was hospitalized with kidney stones. For two weeks efforts to get rid of them failed, and just as surgery was looming as an almost certainty, Roach passed the stones.
"I told the doctors, 'Just get me ready for Arkansas,'" Roach recalled. "They really embarrassed me last year."
The return for Roach is a success story for a guy who elected to redshirt himself. Normally, such a decision is made by the coaches, but in Roach's case it was his own choice.
"The chance to start for two years at Texas was very important of me. I didn't think I had that potential on defense," Roach said.
So, after a year as a defensive tackle in 1969, he sat out the 1970 season as a redshirt working in the of-

ensive line.
Zapalac says he can't recall a player of Roach's talent asking to be redshirted to switch from one position to another, but the UT coaches went along with it.
Against Arkansas, they were glad they did.
PENSKE
On Performance
Most auto racing enthusiasts know now that Mark Donohue injured his leg while testing our Can-Am Porsche at Road Atlanta. I'm happy to report that Mark came through a minor operation in fine style and should be good as new in a few weeks, hopefully, before the series ends.
George Follmer, a fine Trans-Am driver who drove for me several years ago, stepped into the Porsche for the Atlanta Can-Am. Unfamiliar as he was with both the car and the track he toured the course in a sedan on Thursday and qualified second two days later!
At the drop of the flag, George beat Denny Hulme into the first turn and our Porsche and the McLaren appeared glued together for three laps. Then, while traveling 175 miles an hour, Hulme's McLaren flipped... And flipped... And flipped.
Fortunately, the hearty New Zealander was unhurt, and with Peter Revson, Hulme's teammate, out with distributor problems, George let up a bit. In winning the race, however, he lapped the entire field.

SPORTS

Badgers Score District Win

The Buckholts Badgers rolled on their second district win by blasting the Salado Eagles in a 53-36 victory Friday night.
The Eagles pulled ahead at the start of the game with two touchdowns. Jesse McLaughlin started the scoring on a short run for a touchdown. The extra-point attempt failed. Jimmy Kitchen intercepted a Badger pass and rushed it to the end-zone for the second touchdown. The extra-point attempt failed.
The first Badger score was a TD pass from Larry Orsag to Glenn Roesler for 5 yds. The PAT failed.
The Eagles again made two straight touchdowns. Danny Grimm made both TDs on 42 and 17 yd. runs.
Larry Orsag ran 35 yds for the next Badger touchdown. The PAT failed.
Orsag hurled a TD pass to Ray Homeyer for 20 yds. Dale Walzel added two points on the extra point attempt. Jesse McLaughlin made

his second touchdown on a TD pass from Danny Grimm. The PAT failed.
The next Badger touchdown was on a Orsag to Homeyer pass. The PAT failed.
Orsag rushed in for another TD. Walzel again added two points.
The Orsag-Homeyer combination worked again as Orsag hurled the ball to Homeyer for a 22 yd TD. The extra point was made as Walzel found Orsag in the endzone.
Carl Tomascik made another TD for the Buckholts Badgers as he caught a pass from Orsag. The PAT failed.
Orsag made the last touchdown for the Badgers on a 15 yard run. The PAT failed again.
Salado made one last effort as McLaughlin added another 6 points to the score.
Buckholts now stands with a 2-0 district record. The Badgers travel to Olgesby for their next district game. The game will be played 8 p.m. Friday.

LET'S RE-ELECT JESSE JAMES STATE TREASURER

His proven record merits your vote and support

JESSE JAMES STATE TREASURER

State Treasurer Jesse James made for the people of Texas over \$16,000,000.00 last year in interest earned on State Funds deposited in over 1,100 Texas Banks, more than any Billion Dollar Bank in Texas made net during the same period. Jesse James saved the taxpayers over \$50,000,000.00 financing the deficit.

Jesse James has proven he knows how to handle your State Finances efficiently.

LET'S VOTE FOR AND RE-ELECT JESSE JAMES STATE TREASURER

Pol. Adv. Paid for by Jesse James, State Treasurer

CORRUGATED STEEL DRAINAGE PIPF

It's Strong & Easy to Install. Uses include road culverts, ditch crossovers, stock water supply lines, and drive-ways. Durable zinc-coated corrugated steel pipe is available in diameters 6 to 120 inches. Shipment can be made 1 to 3 days notice.

MRS BAIRD'S
Baked with family pride.

Elect

HENRY C. (HANK) GROVER For GOVERNOR

A man who takes a stand; a real Texan. His loyalty is to the people of Texas. He's against George McGovern.

COMPARE THE RECORDS and you'll vote GROVER FOR GOVERNOR.

HENRY C. (HANK) GROVER

Now in sixth year in state Senate. Served six years in State House of Representatives.
Conservative voting record for all 12 years in legislature.
Voted against busing and is co-author of constitutional amendment to outlaw busing.
Against amnesty for draft dodgers and deserters.
Always voted against a state income tax. Will veto a state income tax if elected governor.
Voted against Caesar Chavez and the lettuce boycott.
Has led fight against increased welfare spending.
Voted against considering the Sharpstown banking bill.
Excellent Farm Bureau voting record; member of Farm Bureau of Lavaca County.
Forty-five years old; fourth generation Texan.

DOLPH BRISCOE

For George McGovern for President. Voted for George McGovern at the Democratic National Convention. Recently welcomed George McGovern to Texas.
Dropped out of state government nearly 15 years ago.
Very liberal voting record as member of House of Representatives.
Refused to oppose busing at Democratic State Convention in Houston.
George McGovern wants total amnesty for draft dodgers and deserters and Dolph Briscoe supports George McGovern.
Refused to take a stand against state income tax at Democratic State Convention.
Took a stand for Caesar Chavez and the lettuce boycott at Democratic State Convention.
George McGovern's platform will destroy the military defense of the United States and Dolph Briscoe voted for that platform.

LOOK! READ! LOOK!

FOR THE PEOPLE- OF THE PEOPLE - BY THE PEOPLE

The following article explains in detail what "moral decay" has crept into the higher echelon of government under the Nixon Administration. Mr. H. M. Bagarly has presented FACTS voters have need of whether you are Democrat or Republican. Will such corruption in high government lead us into a dictatorship by destroying our two party system?

VOTE DEMOCRAT and you shall "help" keep us from such political tyranny.

NOT SINCE OUR NATION was established have we had an election like the current one. Up until 1968, two political parties strived for office every four years. It was a battle between two political philosophies.

It was a contest over which of two parties could best govern the country.

But all this changed following the inauguration in 1969.

There was an element in 1789 which opposed the party system, the election of our government every four years. This element had no quarrel with the British monarchy. In fact, it wanted to crown George Washington King instead of electing him president of a republic.

NOT SINCE THAT assault upon the system occurred in 1789 has one again reared its ugly head!

Beginning with the Nixon administration, the goal ceased to be defeat of the other party in the next national election. Rather the goal became the destruction of the two-party system, specifically the Democratic Party!

A cool, systematic, diabolical plot was hatched to make this a one-party nation. Nixon and his gang, following the Birch line, considered the fact that the Democratic Party is the majority party, necessarily so because it is best for most people, and determined that it must be destroyed.

They surveyed modern times and noted that only under unusual circumstances do the Republicans have a chance at power. They resolved that something be done to prevent another Roosevelt era, something that could not be accomplished simply by the two-party system.

And so, by a system of sabotage, they set out four years ago not to win the 1972 election but to destroy the potential opposition; not just to defeat the Democratic Presidential nominee but to destroy the Democratic Party.

And this sinister plan has operated from inside the White House.

The headline story in the Houston Chronicle began: "WASHINGTON - FBI agents have established that the Watergate bugging incident stemmed from a massive campaign of political spying and sabotage conducted on behalf of President Nixon's re-election and directed by officials of the White House and the Committee for the Re-election of the President.

"The activities, according to information in FBI and Department of Justice files, were aimed at all the major Democratic presidential contenders and - since 1971 - represented a basic strategy of the Nixon reelection effort.

THE HOUSTON CHRONICLE story continues:

"During their Watergate investigation, federal agents established that hundreds of thousands of dollars in Nixon campaign contributions had been set aside to pay for an extensive undercover campaign aimed at discrediting individual Democratic presidential candidates and disrupting their campaigns.

"Intelligence work is normal during a campaign and is said to be carried out by both political parties. But federal investigators said what they uncovered being done by the Nixon forces is unprecedented in scope and intensity.

"They said it included:

"Following members of Democratic candidates families; forging letters and distributing them under the candidates' letterheads; leaking false and manufactured items to the press; throwing campaign schedules into disarray; seizing confidential campaign files, and investigating the lives of dozens of Democratic campaign workers.

"In addition, investigators said the activities included planting agents-provocateurs in the ranks of organizations expected to demonstrate at the Republican and Democratic conventions, and routinely investigating potential donors to the Nixon campaign before their contributions were solicited.

"Perhaps the most significant finding of the whole Watergate investigation, the investigators say, was that numerous specific acts of political sabotage and spying were all traced to this 'offensive security', which was conceived and directed in the White House and by President Nixon's reelection committee.

"The investigators said that a major purpose of the subrosa activities was to create so much

confusion, suspicion and dissention that the Democrats would be incapable of uniting after choosing a presidential nominee.

CAN NIXON BE RE-ELECTED in view of this scandal, the ITT scandal, the secret campaign funds stashed away in Old Mexico banks, and all the rest?

Why, certainly!

Didn't Texans support Allan Shivers after the scandals of his administration?

We simply won't buy the proposition that the moral sensitivity of American voters is such that they won't tolerate corruption such as is being practiced by Nixon and his re-election cronies.

Oh, they perhaps will rank moral corruption in 15th or 20th places, after they have dealt with all the false issues being headlined by Nixon. John Connolly, and all the others involved with the re-election of Nixon. But it is NOT a major concern.

A SECOND GROUP who will support Nixon despite his lack of moral qualifications for the office is the John Birch type which originated back in the 1950s.

In the 1950s, these people who draped themselves in Old Glory and the Bible, these "super patriots", argued that in order to deal with the Communists you have to adopt the tools and tactics of the Communists. If the Communists infiltrate, then Americans must lie. If the Communists infiltrate, then Americans must lie. If the Communists wiretap, then Americans must wiretap. If the Communists sabotage, then Americans must sabotage. If the Communists murder or break the law, then Americans must murder or break the law.

TODAY THESE PEOPLE feel that it is so imperative that the Republicans be maintained in office that they excuse Nixon and his tactics because the urgency of the cause demands it!

Today, they equate the Democrats with the Communists, the Republicans with the Americans.

POOR OLD MC GOVERN is so honest, so unsophisticated politically, that he almost seems to go out of his way to lose votes. No one has been able to challenge his integrity. He is naive enough to believe in such corny expressions as "the basic honesty of Americans" and "the inclination of Americans to reject the false."

Up against these professional gangsters who are directing the Nixon campaign, he is a babe in the woods!

Nixon has already passed the word that he needs no more campaign contributions, that Republicans should hereafter funnel their contributions to the campaign funds of Republican Senators and Congressmen.

Meanwhile, McGovern begs for \$5 and \$10 contributions from the little people in order to wage a token campaign, refusing to believe that the American people will fall for the Madison Avenue tactics of the GOP.

THROUGHOUT HISTORY, parties have been as partisan - minded as two football opponents . . . yet . . . whenever the system was attacked, with one voice they united in opposing the onslaught.

Throughout history, we should say, until Nixon and Agnew came along! Agnew, reflecting his John Birch philosophy, suggested more than a year ago when Nixon was trailing in the polls that "it is possible that the 1972 election might have to be called off if conditions get out of hand."

This was the first time since the administration of George Washington that such a suggestion had been made. Once, during the first awkward months of our republic, some official thought it might not be advisable to permit the regular election. Washington, of course, deplored the suggestion just as he would now deplore Agnew!

MORE THAN AT ANY other time in our history, we Americans need to purge the White House of a corrupt gang of self-seeking opportunists. We don't place the masses of Republicans in this category by any means.

George McGovern is a victim of Republican financed Madison Avenue image makers.

As noted last week, this is an election in which the Republicans have created the image of both candidates, Nixon and McGovern. McGovern at his worst is better than Nixon at his best.

One of the Madison Avenue tricks has been to convert McGovern into a dirty word.

The Republicans smear all honorable Democratic candidates not by citing inherent weaknesses but simply by saying "this candidate is supporting McGovern!"

SOME STRAIGHT TALK ON FOOD PRICES!

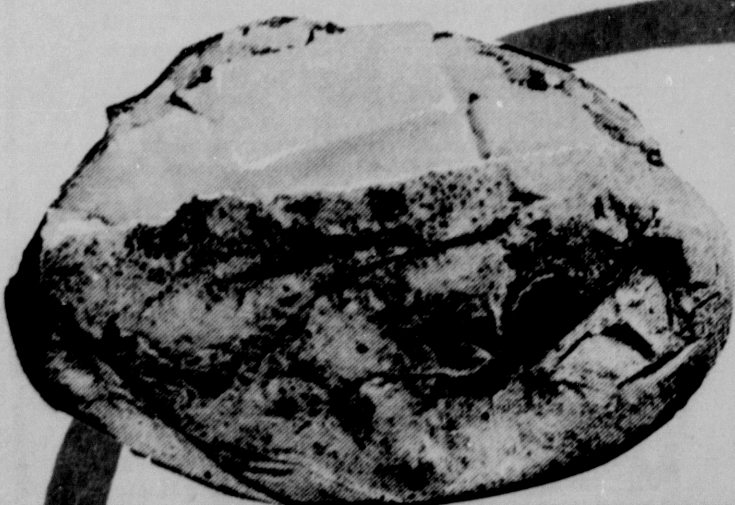

22.2% In 1950

16.3% In 1971

SHOP OUR EVERYDAY LOW PRICES

Yes, food prices have gone up. But the average American's paycheck has gone up faster. Result: you spend a smaller percentage of your paycheck for food than ever in history. In 1947 Americans spent 25% of their paycheck for food. By 1960 this had dropped to 22.2%, by 1969 to 20%, and in 1971 food expenses took only 16.3% of the average American's paycheck. That's amazing progress when you consider that many people of the world spend up to 70% of their income for food.
